Informed consent – COVID-19 mRNA vaccines

Following vaccination against COVID-19, reactions to COVID-19 mRNA vaccines often occur which usually disappear on their own within a few days. Pain or swelling may occur very often at the injection site; reddening, rashes or urticaria may occur often. Moreover, (extreme) tiredness, headache, muscle and joint aches and/or joint stiffness, swelling in the armpits, nausea, vomiting, diarrhoea, shivering and fever may occur very often; rashes may occur often. Very often means that more than 1 in 10 vaccinated persons are affected; often means that up to 1 in 10 vaccinated persons is affected. Severe allergic reactions may occur. For details, please refer to the package leaflet provided electronically. You may also request a hard copy of the package leaflet. Should you have any further questions, please get in touch with your doctor. In order to access the package leaflet of the approved COVID-19 vaccines, please scan the QR code (https://www.basg.gv.at/en/consumers/facts-worth-knowing-about-medicines/medicinal-products/vaccines/covid-19-impfstoffe).

With my signature I confirm:

- that I have read and understood the leaflet regarding the vaccine described therein, or that I was otherwise provided with sufficient information about the same. I have been able to obtain information about potential adverse effects and possible arguments why I should not be vaccinated.
- that I am appropriately aware of the benefits and risks of the vaccination and accordingly do not require any further personal consultation,
- that I consent to being vaccinated free of charge, and
- that I am aware that my personal data are going to be processed in the vaccination register in accordance with the Gesundheitstelematikgesetz 2012 (see https://www.elga.gv.at/datenschutzerklaerung).

If you do NOT consent to being vaccinated or if you need to be provided with additional information by a doctor, please do NOT sign this informed consent.

For underage persons (children under the age of 14) or persons under disability, consent must be obtained from the legal representative (parents or legal guardians/authorised agents) of the person to be vaccinated. Adolescents must consent themselves, if they are capable of making decisions.

Date (DD.MM.YYYY) Signature of the person to be vaccinated or their legal representative

Important information: For your own safety, you should stay near the vaccinating doctor for some 20 minutes, on the off chance of any reactions occurring (nausea, collapse, allergic reactions etc.). Adverse reactions may be reported by vaccinated persons / their relatives; your attending physician and your pharmacist are even obliged to report any adverse reactions. If you suspect to experience any adverse reactions, please contact your doctor or pharmacist, report the same online at https://www.basg.gv.at/en/ or call 0800 555 621.
